

# Matterport 3D Virtual Tours

By Sardelli Survey, LLC

Sardelli Survey, LLC

matterport®

1

**SCAN** - Capture your listings in a fully immersive 3D Virtual Tour to set yourself apart from the crowd ([example](#)). Scans are done with a 4K Matterport Pro2 3D Scanner and stitched together using our online Matterport cloud service. Typical spaces can be scanned and available to share within 48 hours of capture.

2

**SHARE** - Post your 3D Virtual Tour to your website or social media with a cloud based link that can be accessed from virtually anywhere. For the first time you can give your clients their own key to your listings without all the hassle of driving/flying there.

3

**SELL** - Now that your listing has been scanned and shared... it's time to sell. With this virtual open house you can keep clients engaged even when one of you can't be there.

Schedule your appointment today! ([click here](#))

Prices starting at \$0.15 per sq. ft.\*

2,500	=	\$375
(square feet)		(estimated cost)

\* Additional charges may apply (travel, aerial photography, etc.)

\* Additional processing and hosting fees

(processing: Standard \$50, Large \$100; hosting: \$20/year)

3D Virtual Tours will be supplied with a cloud based link and html code to share on a website or social media. ([Real Estate/Business](#))

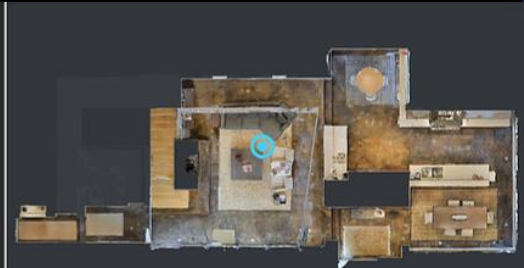

## Inside View

Navigate any property via 360 view or in Virtual Reality (may require some additional hardware)

## Dollhouse View

Gives you all the floors, so you can orbit around the property in 360 degrees and jump from one room to the next.

## Floorplan View

Is a top down approach, where you can select the floor of interest and pan around from up above the space.

Matterport 3D Virtual Tours can be viewed from any device with internet connectivity.

Download Matterport 3D Viewer ([PC/Android/iOS](#))
